

Bruce Currie-Alder / Ravi Kanbur / David M. Malone / Rohinton Medhora: [International Development: Ideas, Experience, and Prospects](#) (Oxford University Press)  
Available as: eBook | Hardback

Thinking on development informs and inspires the actions of people, organizations, and states in their continuous effort to invent a better world. *International Development: Ideas, Experience and Prospects* examines the ideas behind development: their origins, how they have changed and spread over time, and how they may evolve over the coming decades. It also examines how the real-life experiences of different countries and organizations have been inspired by, and contributed to thinking on development.
